

# TecDoc web catalogue problem 2022/01/10

## Problem:

- The language is in English and cannot be changed
- Vehicle entry is not displayed or does not find any vehicles

## Reason:

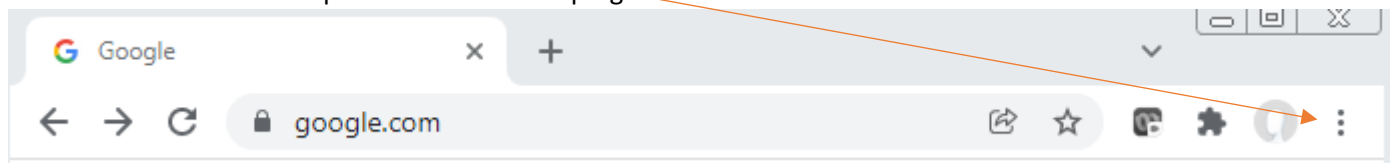

- Problem with locally cookies

## Solution:

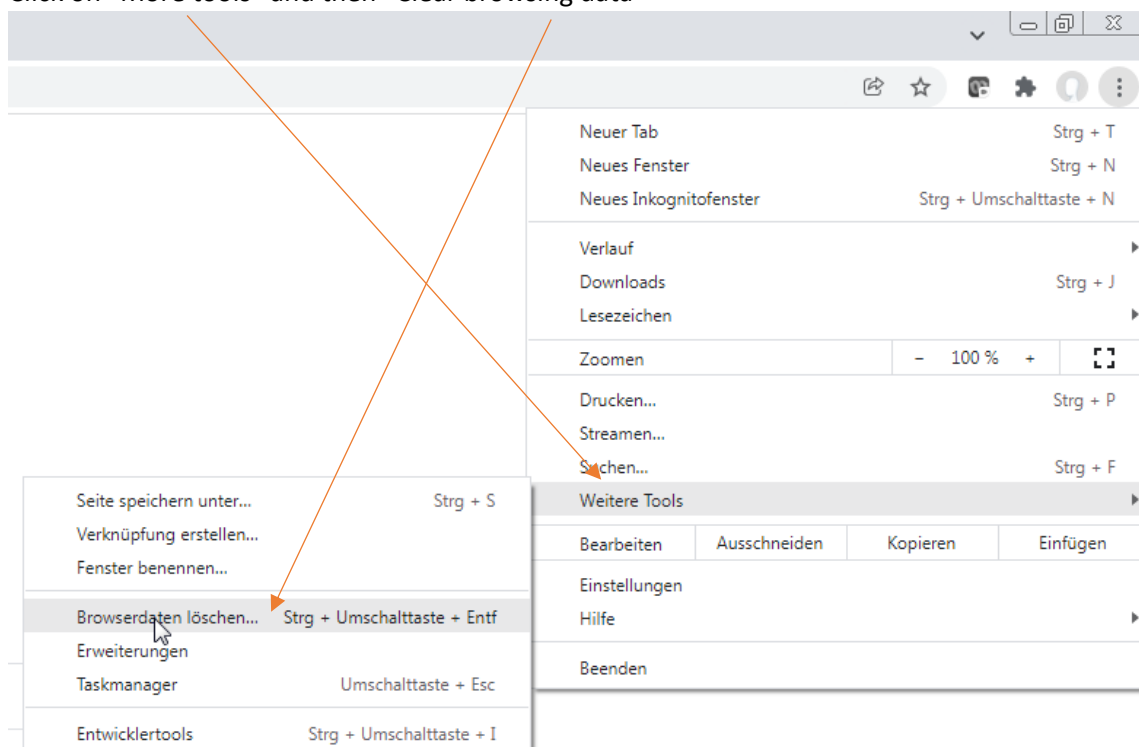

- Delete cookies

## Delete cookies in Google Chrome

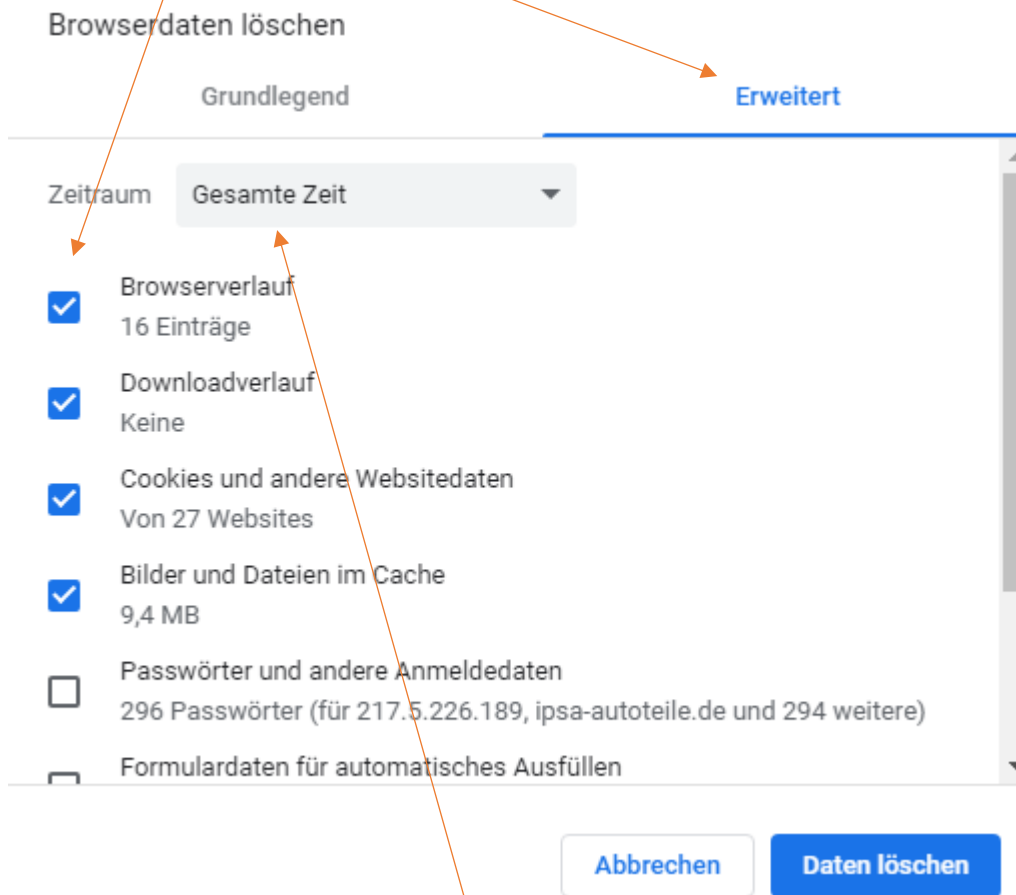

- Close TecDoc web catalogue
- Open Chrome on your computer
- Click on the "More" three-point menu at the top right

- Click on "More tools" and then "Clear browsing data"

- Click on "Advanced"
- Check all boxes except "Passwords and other login data" and "Form data for autofill"

- Click on the drop-down menu next to "Period" and select "Total time"
- Click on „Delete“
- Restart Google Chrome
